

Dennis R. Lee
110 South John Street
Atlanta, IN 46031

(317) 828-4825

SUMMARY

Tool and Die Maker with over 30 years of experience in designing, building and testing dies. Ten years of experience in managing tool room activities.

QUALIFICATIONS

Tool and Die Experience

Minimal debugging in building progressive dies and various tooling. Provided die maintenance and implemented engineering changes
Build tooling, gauges, broaches, test fixtures, and grind special carbide cutters
Quote dies and tooling as well as developing a process of implementing carbide into tooling
Familiar with computer-aided design software

Troubleshooting

Proficient with dies, machines, tooling and mechanical apparatus in manufacturing

Tool Welding

Perform critical, TIG, and build-up on variety of hardened tool and alloy steel
Rejoin broken parts of tooling, dies and precision components

Welding and Fabrication ??

Proficient in MIG, TIG, Stick, and Oxy-cetylene welding, brazing, silver soldering and flame cutting
Weld and fabricate mild steel, stainless steel, cast iron, cast aluminum and aircraft aluminum

Tool Room Management

Coordinated and developed all tooling, dies and fixtures.
Initiated and maintained accounts with vendors
Trained and supervised new hires

EXPERIENCE

2001-Present Major Tool and Machine, Indianapolis, IN
1999-2001 A.R.K. Models and Stamping, Indianapolis, IN ???
1992-1999 Tool and Die Maker, Alloy Ring Service, Carmel, IN
1991-1992 Tool and Die Maker, Perfection Products, Lebanon, IN
1990-1991 Tool and Die Maker, Federal Mogul, Logansport, IN
1987-1989 Tool and Die Maker, Kauffman Products, Carmel, IN
1986-1987 Tool and Die Maker, Gulfstream Aerospace, Savannah, GA
1984-1985 Tool and Die Maker, Hydropower Machine, Indianapolis, IN
1983-1984 Tool and Die Maker, T&D Quality Tooling, Frankfort, IN
1982-1983 Tool and Die Maker, Biddle Screw Products Inc., Sheridan, IN
1980-1982 Tool and Die Maker, Bell Machine Company, Frankfort, IN
