### **Work History**

**J.B.I. Detective Agency** 3/1993 to Present  
**Private Detective** Norristown, Pennsylvania

- Performed all phases of investigation undercover.
- Performed intricate background checks.
- Worked with retail security.
- Investigated insurance fraud.

**Davis Modern Heating & Cooling** 1/2006 to 12/2009  
**Heating and Air Conditioning Installer/Service Man** Norristown, Pennsylvania

- Installed, serviced, and repaired heating systems and air conditioners ranging from 1 to 10 tons cooling capacity, carefully following blueprints and engineering specifications.
- Installed motors, compressors, condensing units, evaporators, piping, and other components.

- Connected this equipment to duct work, refrigerant lines, and electrical power sources. Charged the system with refrigerant, checked it for proper operations, and programmed control systems.
- Tested joints and connections for gas leaks and wrapped pipes in insulation batting.
- Conserved, recovered, and recycled chlorofluorocarbon and hydro chlorofluorocarbon refrigerants to protect the environment.
- Trained apprentices and new workers.
- Assist management with HASMAT and OSHA laws

**Valley Forge Heating and Cooling**

**3/2002 to 1/2006**

**Heating and Air Conditioning Installer/Service**

**Lower Providence, Pennsylvania**

- Installed, serviced, and repaired heating systems and air conditioners ranging from 1 to 10 tons cooling capacity, carefully following blueprints and engineering specifications.
