Work Experience

Material Handler

Builders FirstSource - Garden City, CO

September 2021 to June 2023

I've been in many positions. I started out on dock where I'd load trailers with all of the appropriate material that was required for the drivers to go out to deliver. I was Also a driver helper where I'd go out on deliveries to help the driver. Then I transferred to receiving where I'd have to receive and stock everything that was delivered to our facility, fill out the appropriate paperwork and had to turn said paperwork in by the end of the day. I dabbled in hardware a bit. Now I'm currently in production where I'm on a machine that puts together the doors so I have to watch the machine, make sure everything I put into it is lined up so the finished door will look how it's supposed to by the time it's gets off the line. I also clean during downtime, stock my area.

Artist

Greeley, CO

June 1995 to November 2021
