WORK EXPERIENCE

Dietary Aid

Sunset Nursing Home - Quincy, IL - April 2013 to June 2013

Responsibilities

My daily responsibilities as dietary was to come in and set up hot cart for dinner, stock floors with anything needed from kitchen, go around dining hall and pour residents' drinks and serve dinner. Once dinner was over I had to tear down hot cart and start dishes. I put dishes away and swept and mopped floors before I went home.

Accomplishments

While I worked at Sunset Nursing Home I was impacted by every resident that I met. They all had their own story and they helped me learn to appreciate life and let things go because life is so short to not live it to the fullest.

Skills Used

Communication, People skills, preparation, patience

EDUCATION

Mark Twain High School - Center, MO
