Work Experience

Reach Truck Operator

The Home Depot - Eagan, MN

July 2021 to April 2022

My main position was driving the reach truck and putting pallets in the overhead throughout the store and pulling product down to get stocked onto the floor! I also stocked product on the shelves and would use a pacer to take product out of the truck in our receiving area. The best accomplishment I have had while on the job was putting up and taking down 32 pallets in total for one 8hr shift while we were understaffed and trying to help my team with whatever they needed!

Sales Associate

Cabela's Bass Pro - Woodbury, MN

June 2020 to April 2021

My job at Cabela's I was a Fishing Expert, what that intitles was to help everyone to the best of my knowledge with any questions related to fishing! On top of that I would encourage the customers to sign up for the Cabela's credit card for some good deals on money back! The best accomplishment i had at Cabela's would be for one work week I led a team to help stock product efficiently and properly to the right home locations while making sure everything was organized and easy for the entire team i had!

Bartender

The Moose Lodge - Albert Lea, MN

September 2018 to April 2020

My Job at The Moose Lodge was a main bartender, i would serve drinks to multiple customers and was very good at connecting with each and every customer while maintaining every customer needs! My best accomplishment was training two new bartenders by myself while keeping everything organized on one of the busiest nights i have work! On top of that keeping my cool while in a high stress environment and making sure my customers were served correctly and within a timely manner.

Production Worker

Interstate Packaging - Albert Lea, MN

March 2017 to May 2018

My job at Interstate Packaging I was a production worker and machine operator on some of the smaller machines! What my main job was a lot of different machines. I was always flexible for the production floor, one day i would be stacking pallets, the next day i would operate my own machine. To switching shifts to help productivity flow well for the company! My most successful day was getting Multiple orders done over the span of 8 hours without little to no errors in the product quality which is tough to do when your producing 100's of quality products a day!

Education
