Experienced forklift operator with extensive experience in shipping receiving, order picking, and quality control.

Proven understanding of warehouse worker safety, 5S, and warehouse management systems.

## Work Experience

---

### **Dock Worker**

Old Dominion Freight Line - Commerce City, CO

September 2022 to July 2023

- Shipping Receiving: Unloaded, and loaded products for shipping using the appropriate forklift attachments.
- Weighed pallets from the receiving dock and placed them on the correct trailer.
- Used dimensioning system to accurately measure product with tablets.
- Pick proper product type and quantity, completed safety and quality checks and recoup pallets ready to load.
- Keep work area and trailers clean and organized, report any product damage and maintain safety and security of the warehouse.
- Carefully loaded and secured product to trailer using straps and dunnage to prevent damage.
- Processed shipping documentation, ensuring all information was correct and up-to-date.

### **Forklift Operator**

Geodis - Aurora, CO

September 2017 to July 2022

- Shipping Receiving: Unloaded, and loaded products for shipping using a motorized forklift.
- Order picker: Palletize and wrap product for all shipping orders.
- Labeling Material: Ensured all products are labeled and tagged according to company standards.
- 5S: Organized warehouse product to maintain a clean and efficient work space.
- Used WMS System and RF Scanner to pick items from bins and complete orders and shipping labels.
- Quality control of incoming and outgoing products and damage movement reports.

### **Forklift Operator**

ProLogistix (Employbridge) - Aurora, CO

May 2017 to September 2017
