LUCAS M.G. KINCAID

1574 WESTFIELD DRIVE
FORT COLLINS, CO 80526
(303)517-9668

Skills/Introduction: A broad variation of electrical trade tasks include; line voltage, low voltage, ac systems, dc systems. Electrical field work experience has been conducted at various voltages including high, medium, and low voltage. A product of the International Brotherhood of Electrical workers, I established my electrical apprenticeship through union training. Furthermore, progressing as a Journeymen through the union, I continued my Journeymen electrical career at Colorado State University with Construction Services.
