## EDUCATION

### **Jackson Liberty High School, Jackson, NJ**

Graduated 2016

### **Hobart Institute of Welding Technology, Troy, OH**

Jan. 2017- Sept. 2017

Completed the 9 month Combination Pipe and Structural 1330 hour program

## CERTIFICATIONS

- NDT level I/II visual testing
- Advanced Rigging and overhead crane operating (Certified by Total Equipment Training)

## EXPERIENCE

### **DC Fabricators, Florence NJ - Welder**

Oct. 2017 – Feb. 2021

Reference- Tom O'Connor (908) 614-6497

- Received on the job experience in GMAW-P, GTAW, plasma cutting, back grinding and arc gouging
- Fabricated heat exchangers for navy applications
- Utilized Military welding procedures and inspection DE's
- Worked with a variety of carbon steels, stainless steels and copper-nickel alloys
- Operated overhead cranes safely and efficiently

### **Roben MFG, Lakewood NJ - Welder/Fitter**

June 2021- Sep 2021

- Maintained and oversaw all welding operations involving the K-TIG automated welding process
- Qualified the Welding procedure for K-TIG on stainless steels
- Prepped, Fit, and welded pressure vessel shells to ASME standard
- Operated heavy equipment such as forklifts, overhead cranes, and various positioners

### **Lee Metalworks, LLC, Jackson NJ - Sole Proprietor**

Sep 2021- current

- Completed all aspects of shop fabrication and mobile welding
- Work includes kitchen grade fabrication, as well as heavy steel jobs such as condenser tanks

and components for boiler systems

## **SKILLS**

- Welding of stainless steel, copper nickel & dissimilar material
- Blueprint reading & interpreting weldability
- Experienced in working/welding in tight spaces
- Mirror welding & welding out of position
- Has worked with many different positioners and custom fixtures
