Work Experience

Professional Medical Courier

Action Stat Logistics - Boulder, CO

November 2017 to Present

Job responsibilities include; going to hospitals, picking up bio hazardous material, and package/ship the material safely to its testing location.

CO-OWNER

OUT OF THE PARK LANDSCAPING COMPANY - Colorado Springs, CO

July 2016 to October 2017

One huge aspect of this job was to establish new relationships with potential clients and book them to be a part of a weekly mowing operation. Not only was my job to book new clients but to take part in the landscaping side of the business. Not only was I running the administrative, but I was also a part in the service we offered as well.

Crew Member

Seal Coat Solutions - Colorado Springs, CO

May 2015 to October 2016

The duties included drive large trucks from job site to job site, clean out the cracks in the road, put crack-seal in the cracks, and finish with a seal coat. Since I was the foreman of the crew, I was responsible for 10 employees to make sure everything ran smoothly at the job site

LOT TECHNICIAN

LAKESIDE AUTOMOTIVE BROKERS

July 2014 to July 2015

There were many different responsibilities for this employment including making sure every car, truck, and SUV was in the right spot to make the lot more appealing to customers. Other responsibilities include checking fluids on the vehicles to ensure a healthy running automobile, putting plates on the car, and washing the vehicles to make the new buyers satisfied.

GROUNDS CREW

COLORADO SPRINGS COUNTRY CLUB

May 2013 to July 2014

There were many responsibilities that I had to accomplish for this job. First, the grounds crew was responsible for keeping the golf course in excellent condition in order to keep the paying customers pleased. With this job, I wasn't just responsible for keeping the golf course in appropriate shape, but I was responsible for talking to the members of the club to see if there were any improvements they felt were necessary to make. After I received those suggestions I would sort out the ones that were manageable and made sense to accommodate, then I would present the ideas to the superintendent to make the course better and run more efficiently.

TOOL REPAIRMAN

CENTRAL COLORADO TOOL SERVICE

May 2010 to August 2013

The responsibilities of this job were to repair tools in an assembly line and return the tool to the contractor following the OSHA (Occupational Safety and Health Administration) regulations. Also, I was responsible for opening and closing the shop during certain times of the year.
