Sincerely,

May we meet in person to discuss your goals and duties planned for the person you hire? Please call me at (651) 637-2049 so we can arrange a date and time that suits your schedule. I'll be happy to answer any questions you may have, as well. I appreciate you considering my resume.

Please accept my resume as application for the Maintenance Mechanic 2 position. I have over five years of maintenance experience. I am a licensed plumber and just completed a 6-month carpentry course in 2006 and I do have a valid MN driver's license with reliable transportation. I am familiar with hand and power tools, plastic welding, and troubleshooting maintenance problems. I believe my previous work experience along with my educational attainments makes me a qualified candidate for this position. I have utilized time management, critical thinking, and communication skills in order to complete projects in a timely matter. I am a fast learner with the ability to follow detailed directions. In addition to going the extra mile to ensure the job is done right and paying very close attention to detail, I am willing to work a flexible schedule including evenings, weekends and holidays.

Dear Kendra:

DERRICK HUSHMAN
111 Kellogg Blvd, North #1915
St. Paul, MN 55101
651-488-2073 or 651-637-2049
