Work Experience

Machinist/CNC Operator

Dynamic nc - Rose Hill, KS
August 2017 to Present

I operate 6 makino mag 3. 4 of the 6 machines are on a cell system, the other 2 are in stand alone. Ive ran many different types of parts and tooling. I can maintain machines and fix basic alarms. I know how to teach and operate makino car system for the mag 3. Ive also operated makino a61 and toyoda 2090 when on overtime. I know how to do vice set-ups and set start points by edge finding and dialing in holes. I have all my own hand tools and measuring tools for the job.

Sheet Metal Fabricator

Clarks mfg - Wellington, KS
January 2012 to August 2017

I did a number of jobs at Clark mg. From operating a drop form hammer, operating a shear machine, operating an aida press and maintenance on all. I also did aluminum heat treat and chem film. I also did some welding jobs there too. I was a very well rounded employee with good motivation, and mi always ready to learn to better myself and the company I work at.

Education

High school diploma

Wellington High School - Wellington, KS
August 2009 to August 2012
