Work Experience

Welder/Fabricator

ECD Metalworks-Berthoud, CO

October 2023 to February 2025

Tig Welding

Mig welding

Stainless steel, brass, mild steel

Use of a mill for drilling/ slotting holes and milling down material

Precision Fabrication to 0.02 with repeatable pieces

Sheet metal fabrication

Tubing fabrication

Finish grinding/graining

Sculpture fabrication referencing foam models

Metal Fabricator

Ekins Garage-West Jordan, UT

February 2023 to June 2023

Auto body fabrication

Aluminum, stainless steel, and mild steel

Stainless steel custom exhaust fit up and welding

Metal shaping with hammer dolly

Tig and MiG welding

Sheet metal fit up

Cutting out old body parts and fitting new ones in place to be welding and finished

Panel/door gapping

Building custom brackets using cardboard templates

Fabrication related to classic cars

Welder/Fabricator

Latest Metal Works-Temecula, CA

July 2022 to December 2022

Tig welding

Mig welding

Aluminum, stainless steel, mild steel

Precision fabrication within .02 tolerance

Mill work

Repeatable fabrication of the same part while holding tolerances
Sheet metal bending and rolling
Precision tig welding on stainless steel medical equipment
Sanitary welding repairs
Bending and rolling sheet metal
Bending and rolling tubing
Work with pie slices of tubing to create curves

Lead Fabricator

Hueber Industries-Fort Collins, CO
May 2020 to June 2022

Hand railing fabrication and installation
Staircase fabrication and installation
Decorative sheet metal fabrication and installation
Small structural steel fabrication and installation
Bending and rolling sheet metal
Bending and rolling tubing
Blueprint reading and building from verbal instructions
Custom fabrication and jig work fabrication
Running assorted man lifts and fork lifts
General decorative metal fabrication
Ran cnc plasma table
Help with time estimations
Working with customers on site to make sure they are happy and the job runs smooth

Welder/Fabricator

Distinctive Welding-Fort Collins, CO
April 2016 to May 2020

Tig
Mig
Stick
Fitting both onsite and in the shop
Rigging for crane work
Bending and rolling tubing
Bending and rolling sheet metal
Installation of all metal projects from structural to sheet metal
Custom fabrication and jig work fabrication
Hand railing
Onsite installation of structural and residential steel
Stainless steel and mild steel fabrication
Running jobs; dealing with superintendents, working with other trades, organizing 1-2 helpers
Running man lifts, boom lifts, and fork lifts

Welder

CREATIVE WELDING-Fort Collins, CO
May 2015 to December 2015

MIG

- Stick 3G Certified
- Reading/Following Blueprints
- CNC Table
- Fit Up based on Blueprints
- Worked from start to finish on Fabrication Projects; Order Material, Cut metal to Specs, Fit parts together, Weld out.
- Keeping Track of Part Numbers

CNC Operator

ADVANCED TANK-Wellington, CO
February 2015 to May 2015

Use 5 and 10 ton overhead cranes

- Use a USB to enter files into the CNC
- Monitor CNC while it is operating
- Keep track of which parts went with with job
- Quality Control of parts after done cutting
- Organize completed parts for shipping or assembly

Welder

LEED FABRICATION-Loveland, CO
November 2014 to February 2015

Company Wide Layoff)

- MIG (Spray & Pulse) Welding
- 3G Certified
- Able to read Blueprints.
- Fit-up & Layout Skills.
- Worked with Engineering Square, Center-finder, 2 Hole Pins.
- Ran Overhead Crane.
- Recorded heat numbers when assembling jobs.

Roustabout Laborer

SESSIONS AND SONS-Walden, CO
March 2014 to August 2014

Unscrew or tighten pipes, casing, tubing, and pump rods, using hand and power wrenches and tongs.

- Walk flow lines to locate leaks, using electronic detectors and by making visual inspections, and repair the leaks.
- Move pipes to and from trucks, using truck winches and motorized lifts, or by hand.
- Bolt together pump and engine parts.
- Guide cranes to move loads about decks.
- Clean up spilled oil by bailing it into barrels.
- Dig drainage ditches around wells and storage tanks.
- Cut down and remove trees and brush to clear drill sites, to reduce fire hazards, and to make way for roads to sites.
- Unscrew or tighten pipes, casing, tubing, and pump rods, using hand and power wrenches and tongs.
- Welded Shop Storage Racks using SMAW and GMAW (Mig) Welding Processes
- General Use of Grinders, Drills and Other Basic Shop Equipment
- Assisted in Replacing a Differential in a Peterbilt
- Assisted in Installing a Driveshaft in a Mack Dump Truck

Education

High School Diploma in Main

Sr High School - Walden, CO

May 2014

Front Range Community College - Fort Collins, CO

Skills

- Welding
- MIG welding
- TIG welding
- Stick welding
- Plasma cutting
- Fabrication
- FCAW
- Construction
- CNC
- Basic math
- Fabrication
- Blueprint reading
- Welding
- Manufacturing
- Quality control
- Construction
- Climbing
- Sketchup
- Power tools
- Hand tools
- Mechanical knowledge
- Assembly
- Drafting
- Excavator
- Driving
- ISO 9001
- CAD
- Heavy equipment operation
- Loader operation
- Backhoe operation
- AutoCAD

- Plumbing
- HVAC
- Carpentry
- Micrometer
- Precision measuring instruments

Certifications and Licenses

11-049-0354

December 2021 to February 2027

Driver's License

Additional Information

- Climbing experience
- Heavy equipment experience
- General mechanic experience
- Sketch up drafting experience
