

Marie Mazur

Mazurmarie2@gmail.com 720-498-9558

I am a dynamic manufacturing professional with extensive experience in equipment operation, assembly, and quality control in regulated environments. Proven ability to follow detailed work instructions and maintain high production standards in cleanroom settings. Demonstrated expertise in troubleshooting, documentation, and process optimization.

Quality Control Inspector

Caroba Plastics Inc. 02/2025 – 03/2026

- Used CMM machine, optical compactors, calipers, and pin gauges to take dimensional measurements on parts for the biomedical and tech industries in a quality lab.
- Tested the durability of different plastics and rubber materials.
- Analyzed data, documented test results and assisted with writing quality reports.
- Worked to identify and investigate root cause of part failure and quality issues, taking the necessary steps to troubleshoot and resolve those issues while collaborating with cross-functional teams.

Manufacturing Technician

The J. M. Smucker Company 01/2023 – 02/2025

- Serviced, cleaned, and sanitized equipment while following all lockout- tag out procedures.
- Collected micro samples for lab
- Operated wrapping machines and assembled product for shipment
- Assisted quality control by collecting samples, documenting the weight of product, and pressure decay tested packaged product.

Operator/ manufacturing specialist

ONSEMI 03/2021 – 01/2023

- Operated equipment in a microchip manufacturing facility specifically in the photo lithography department.
- Transported pods of silicone wafers to and from respective departments throughout clean room.
- Used SPC and other methods to troubleshoot technical errors on computer system.
- Documented wafer count and inspected inventory for defects such as contamination and foreign material.
- Monitored and stocked equipment in wafer production; making necessary adjustments to meet production goals.

Production Worker

Amy's Kitchen 02/2019 - 03/2021

- Assembled and packed product while maintaining line speeds with accuracy and precision.
- Documented the weights and measurements of products in order to ensure the quality of products met company standards.

Customer Service Representative

Concentrix 06/2018 – 09/ 2020

- Received inbound/outbound calls on multi-line phone system.
- Contacted doctors and other medical providers to schedule appointments on behalf of clients.
- Assisted clients in enrolling in medical insurance care plans.

Education

Portland State University – Chemistry

The College of Southern Idaho – Business AA

Mountain View Homeschool – High School Diploma
