## Work Experience

---

### **Mechanical Assembler**

ESS Metron

February 2017 to Present

At ess metron we built power houses for various operations (oil rigs mainly). As a mechanical assembler i was required to build the power distribution centers, which are 150 pound metal panels put together on a welded skid..this jobrequired me to get my hilti certification, class 4 and 5 forklift certification, and i also had to have my own tools.

### **Qc inspector**

ESS Metron - Denver, CO

October 2018 to March 2019

Check welders work and reject anything that is not to AWS code.

### **Lumper**

ASPEN DISTRIBUTION - Aurora, CO

July 2014 to September 2015

At aspen distribution i was required to make full 5 foot pallets out of 75 pound bags of barn feed using a cherry picker.

### **Loader/Unloader**

Fedex smartpost - Denver, CO

March 2013 to May 2014

At fedec smartpost i was required to load and unload trucks either manually or using a forklift ir electric pallet jack

## Education
