Work Experience

mechanical/Electrical Assembly Technician

BW Integrated Systems - Loveland, CO

May 2006 to Present

Responsibilities

My primary function is to build and trouble shoot quality electrical systems for robotic, cartoning, case packing, and forming Machinery. I also have extensive experience with mechanical construction as well.

Accomplishments

I always try to come up with new suggestions or ideas that make processes easier and more efficient whenever possible.

Skills Used

I have extensive knowledge in industrial electrical systems. Including wiring and trouble shooting relay logic, PLC ladder logic, and high voltage systems. Reading and understanding electrical schematics. I have extensive knowledge in mechanical construction, and some minor knowledge with pneumatics.

Education

certificate in industrial technology

San Joaquin Valley College - Visalia, CA

2005 to 2006

High school diploma or GED

Skills

- High Voltage
- Low Voltage
- Schematics
- Electrical Experience
- Assembly
- Mechanical Knowledge
- Troubleshooting
- Cabling
