Metal worker of eight years including school and work; and a machinist of five years. In search of a full-time manual or CNC machinist position that augments problem solving and precision. Ultimately looking to work in Research and Development or become an Aerospace Machinist.

## Education

Southwestern Illinois College, Granite City, IL

June 2014 – May 2015

### **Precision Machining Technology/NIMS Certification**

- Related Coursework: Mechanical Blueprint Reading, Advanced Machining, CNC Milling, CNC Turning, Cutting Tools/Fixturing/Inspection, Multi-Axis CNC Programming

## Work Experience

**Acurite Mill Machinist**, CBW Automation, Fort Collins, CO

August 2016 - Present

- Select job based off of priority
- Read blueprint and determine proper cutting tools
- Program Acurite control and produce part from start to finish
- Inspect operations of part using calipers, micrometers, and gage pins
- Consistently follow policies and procedures
- Communicate effectively with production manager, engineers, and faculty
- Maintain and manage work space

**Hydromat Operator**, Deutsche Precision, Maryland Heights, MO

August 2015 - July 2016

- Set tool geometries with tool setter
- Perform tool changes
- Offset tools and workpiece
- Minimize downtime and maximize daily part output
- Load parts into CMM
- Use calipers and micrometers to measure and record dimensions

## Certifications

- Multi-Axis CNC Programming
- CNC Turning: Programming Setup & Operations
- CNC Milling: Programming Setup & Operations
- Manual Turning Operations: Turning Chucking Skills
- Manual Turning Operations: Turning between Centers
- Manual Milling
- Drill Press and Grinding Skills
- Job Planning, Benchwork, and Layout
- Measurement, Materials, and Safety

## Educational Accomplishments

- Perfect attendance at Southwestern Illinois College with a GPA of 3.886
- Early High School Graduate and Honor Roll Student
