

Max Oddo

CNC Operator/Set up - Global Gear & Machining

Centennial, CO 80122

maxoddo5_fpn@indeedemail.com

+1 630 915 4576

Most of my machining experience is on CNC lathes. I learned how to operate and run them to being able to do set ups. Currently programming on master cam for CNC Lathe(Cincinnati) and Mill(Haas). I have however worked on many different brands of machines including DMG Mori, Mori Seiki, Doosan, Okuma and a few others. I am a quick learner used to working in a fast paced environment who desires a position working on manual and CNC machining. Possesses great understanding of running and setting up machines, working with tools, accurate measurement, decisive planning and workplace safety.

Authorized to work in the US for any employer

Work Experience

CNC Machinist/Programmer

BraTek Engineering & Manufacturing - Denver, CO

March 2023 to February 2024

Cnc lathe operator/set up/programming

Programming cnc mill/set up/operator

Making simple lathe G codes on hand but using either a 3D model from a customer or a print to make a program on FeatureCam for a lathe or a cnc mill

Team Member

Whole Foods Market - Highlands Ranch, CO

May 2022 to March 2023

Cooked and prepared recipes for the store.

Set up and cooked all food for the hot bar for lunch and dinner service.

CNC Lathe Operator/Set-up

Gerhard Designing & Manufacturing, Inc. - Bridgeview, IL

January 2021 to December 2022

- Operate CNC lathes
- Creating parts to certain specifications
- Knowledgeable on how to use precision measuring tools
- Setting up for a new job. Pulling up the correct program, putting the right tooling in and make sure everything is running correctly to make a good part

CNC Lathe Operator/Set up

Global Gear & Machining - Downers Grove, IL

October 2018 to March 2021

- Operate CNC lathes
- Creating parts to certain specifications

- Knowledge on how to use precision measuring tools
- Setting up for a new job. Pulling up the correct program, putting the right tooling in and make sure everything is running correctly to make a good part

Apprentice

LADDER LADS - Downers Grove, IL

November 2015 to May 2017

Construction and contract work

Apprentice SO MANY AMENITIES

LADDER LADS - Downers Grove, IL

November 2015 to May 2017

- Antique sales and furniture repair/refurbish
- Assisted with customer service and overall helping with the business.

Line Cook

CAPUTOS - Downers Grove, IL

2014 to 2015

- Line cook and general knowledge of the kitchen
- Trained new employees

Delivery Driver

JIMMY JOHNS - Westmont, IL

2011 to 2012

Education

Downers Grove North High School

2011

Skills

- Mazak
- Cnc Machine
- CNC (5 years)
- Cnc Lathe (5 years)
- Calipers (6 years)
- Precision Measuring Instruments (6 years)
- Woodworking
- Micrometer (6 years)
- Machining (5 years)
- Quality inspection (6 years)
- Blueprint reading (6 years)

Certifications and Licenses

Measurement, Materials and safety

NIMS

ServSafe

Food Handler

Additional Information

Understanding of G-code for CNC lathes. Able to make minor changes if needed. Can read and properly use precision tools like micrometers, calipers and indicators. Read and work off blueprints to make accurate parts and a proper set up.

Design and Planning, Estimating, Demolition, Heavy Labor, Measuring, Organization of Building Materials, Painting, Problem Solving, Electrical, Computer assembly, Computer troubleshoot and repair, CAD, Microsoft Office

Woodworking/Construction- Trained in restoring and creating furniture, as well as common house construction.

Managed Worksites- Have been in charge of overseeing project sites for certain periods of time. Including talking to and answering questions or concerns from the client.

Hand/Power Tools- Full understanding of the function and safety of a wide range of hand and power tools, as well as how to use and apply them to specific jobs.
