Work Experience

Fabricator

Acrylic Design Associates - Plymouth, MN

Present

10 Years Como CNC experience

Set up machines for daily operations.

Documented and reported substandard production.

Product Set-up for Assemble to print

Trained associates in machine functioning, processing and tooling.

Operated hand tools, including trimming knives and rubber mallets.

Acrylic work for companies including: Best Buy, Kohl's, JC Penny

Safely operated small hand tools such as routers, sanders, drills and large equipment such as band saws and presses.

Notified the appropriate support groups and leaders about functional and process failures.

Exhibited strong working knowledge of material goods defects and made quick judgments regarding quality and usability.

Occasionally filled in for lead operator and performed all necessary duties.

Fork Lift Certified

Employee of the Month March 2010

Cabinet Maker

Custom Millwork - Forest Lake, MN

March 1999 to June 2005

Built & installed custom kitchen cabinets and counter tops for new and remodeled homes.

This required using a variety of hand and power tools including the following:

All kinds of saw, routers, air tools, nail guns, laminators

Also used tiger stop digital

Built and installed dovetail drawers, custom doors. These tasks were usually performed with a three man crew. Required a lot of site work when installing and measuring. This required a professional presence and demeanor, since customers were inviting us into their homes.
