## Work Experience:

### Wright Event

#### Event Set-Up & Removal Tent, Tables, + Chairs Services

Loading & Unloading Trucks.

**Denver, Co.**

Forklift Operations, Driver, for delivery & Pickup

(3 Mo.)

### Overhead Door Company

I started working for **overhead door** as a temporary Employee. I was hired on as a full time employee

**Denver, Co.**

(8 Mo.)

My Duties included: Forklift operations, Loading & Unloading Trucks shipments assuring inventory was logged and correct I also pulled product for Technicians for following day's orders. Making sure they had everything they needed to Complete job assignment. Finding lost\missing parts.

### Self Employed

(8-10 Mo.)

I did a bunch of different things then. Ranging from **Home Remolding, Automotive repairs, Lawn & Gardening, Computer I.T Help**, Whatever I could do to make a \$ / I did it. Because of this I have many different Reference's All of which are available upon request Most of them locally right here in Denver

### Superior Staffing

#### **This was temporary work.**

I held multiple positions for them.

**Parker, Co.**

(3 Yrs.)

including but not limited to:

Forklift, safe pallet jack operations.

Loading & Unloading Trucks. and whatever asked of me.

## More Skills:

- Large Truck Driver
- Not Afraid Of Heights
- Experienced Driver

- 
- **Many Others**

- Valid Colorado Driver's License

## Machine's Operated:

- Bobcat
- All Types Of Forklifts
- Standing, sit, cherry pickers, propane, Electric Etc....
- Ditch Witches
- Vermeer's
- Back-hoe's
- Electric Pallet Jacks
- Anything machine that has Hydraulics is a GOOD fit for me
- Etc.

### Staffing With Bliss

#### **This was also temporary work.**

I held multiple positions for them. including but not limited to:

#### **Parker, Co.** (7 Yrs.)

Forklift, safe pallet jack operations.  
Loading & Unloading Trucks.  
And whatever asked of me.

#### **Local Union 86** **Seattle, WA** (2 Yrs.)

Union Iron worker. Tying rebar, Hauling & placing Rebar in specified locations. To become an local 86 Ironworker I had to attend a one day course they called "HELLDAY" I had to earn my right to become an Ironworker. Tie so many ties in 60 sec, haul an 80 lbs. metal bar 40'. and back, 30 times in a matter of 10 minutes ju I had to learn and memorize the parts of a crane, along with the hand signals associated with It. I had to climb an I-Beam 40' in the air, plus walk a 12" I beam 40' with 3 Separate breaks in the secure line. I also had to learn the proper way to secure A lanyard for double tie off.

### ***Please Consider me for any Position you may have:***

*I consider myself to be a **quick starter.***

*Most of my friends would describe me As being very athletic. I have a knack for memorizing **Numbers & Letters.** Growing up, my Mother, was an aircraft mechanic, I Learned how to fix Things at a very early in age.*

***Someday it's back to school***

***For right now I Need A Job.***
