Heavy Machine Operator

SanMar-Shakopee-MN

October 2023 to February 2024

Team Lead

Hamill Concrete-Minnesota

January 2023 to September 2023

My day starts either with setting up by getting rebar , pins , wedges , ties basically hardware . Than panels get spread around to be ready by the curbs so people can start pairing up to set . Other days starts with removing boards off and taking metal pins and wedges out of panels so we can start stripping the panels off an putting them in racks for boom truck can take. Most of days We do set up foundations for houses of all sizes an pour mud same day but other days we just strip the panels. My day consists of measurements, lifting , Cutting rebar , installing pins and wedges so panels stay intact etc. The main thing to make sure the guys are staying safe/Learning and also working . Time management is important
