## Work Experience

---

### **Warehouse Associate**

Caterpillar - Denver, CO

January 2023 to Present

I was trained in multiple areas in the warehouse. I was trained in picking packages on the carts, I was trained in packaging the picks to get them ready to load on the trucks and I was trained on the forklifts and reach truck to pick heavier packages on the heavy floor to send them out on the dock to the trucks. I was trained on the hoist machine, Saran Wrap machine and banding my picks to pallets. Also with using a RF scanner.

### **Flagger/Traffic Control**

Integrity traffic - Commerce City, CO

July 2022 to December 2022

Controlling traffic using stop and slow paddle when there is road work from construction workers.

### **Laborer**

LaborWorks - Denver, CO

June 2022 to July 2022

Was assigned different labor jobs everyday from cleaning, moving , sorting, lifting, and packaging.

### **Demolition Laborer**

ENGINEERED DEMOLITION - Denver, CO

April 2022 to June 2022

Cleaning up debris from buildings that are being tore down.

### **Prefabricator**

Elmwood Staffing - Denver, CO

July 2021 to October 2021

Using a blueprint I would go find measured cuts of wood in the warehouse to build different sized roofs using a hammer, tape measure and trusses.

### **Painter/Laborer**

Aguirres painting - Thornton, CO

February 2020 to July 2020

Sent out to different jobs with a crew to paint buildings, households , apartments, and offices.

### **Walmart Stocker**

Walmart - Watkins, CO

April 2019 to August 2019

I worked in fresh cap 1 and 2 in the freezer area, I stocked frozen meats, vegetables and fruits using a Rf scanner.
