Experience

Direct Sign Wholesale

Trim cap , Denver, CO

06/2022 - Present

I can do just about everything Needed of me in said warehouse . I can wire the sign up and apply lights , while also applying the trim cap , and vinyl to the face of the sign , i can also screw the face to the can of the sign and the package it up and get it read to be sent out . I like to think of myself as being all around because i learned how to do just about anything to help my team out in every way possible . Making sure we reach not only our numbers but we do it with quality and effectiveness

MCS Landscape Supply

Yard lead / Inside sales , Denver, CO

09/2020 - 06/2022

Take customer orders, help customers pick out their best options in regards to thier budget and help them get what they wanted for the best price possible , cold call new customers to showcase our latest deals . pulling orders. load customers up with product using a moffet (bigger forklift) / or a small tractor. Stocking inventory. Maintains the yard landscape. Receive product that will eventually go into inventory. Also i would go on business trips around the nation to help acquire other businesses for our main company.

CPS Distributors

Warehouse Worker, Denver, CO

01/2018 - 07/2020

Warehouse order puller. pulled orders for customers using a electronic lift.

CoorsTek

Warehouse Worker, Golden, CO

09/2016 - 01/2018

I would create ceramic parts, using a series of different machines with precise measurements to get the ceramic to the required specifications in order for it to be processed and meet certain qualifications for it to be sold by the company . I was in charge of loading , unloading , quality checking , dye checking and wrapping and sending the parts made throughout the day, which consisted of about 1500 parts a day between 4-5 different machines !
