

Michael Green

Machining Supervisor

Commerce City, CO 80022

mdgrn85@gmail.com

337-706-5418

To contribute my abilities and skills to one of the industry's leading companies in the hopes that the relationship will bring mutual benefit.

Authorized to work in the US for any employer

Work Experience

Manager/programmer/machinist

Solutions machining - Arvada, CO

May 2016 to Present

I am currently leading a 3 man crew that operates 12 machines. I write programs using mastercam 7 and by hand. I conduct prototype machining as well as production running on Mazak, Mori, and Hyundai lathes. I also conceived set ups and production runs on Haas Mills.

I am currently overseeing day to day operations, shipping and receiving, tool and material logistics, invoices and purchase orders as well as scheduling jobs for floor production.

Machining Supervisor

Mezco Fabrication - Lafayette, LA

March 2014 to June 2015

I tooled, setup, and ran 2 Haas VF-6 VMC

Conceived, created and maintained long term production work holdings

Created training manual and managed employees to produce parts 24 hours a day

Handled all ordering, quoting, and document creation for machining department

As a salesman I created sales pitches, met potential customers, and maintained those customers from quote to delivery

Shop Supervisor

Cajun Threads and Machine - Lafayette, LA

July 2012 to January 2014

Moved from machinist to programmer to shop supervisor in less than a year

Became familiar with programming mills and lathes both by hand and using software

Developed relationships with customers, engineers, salesman, vendors, inspectors, managers, owners, consultants, machinist, machine technicians in the area

Night Machinist

Fredericks Machine Shop - New Iberia, LA

2011 to 2012

Night Shift Mill, Haas Vf3 / Vf4 set-up, program, and editing G-code

Mill Operator

Phoenix Machine - Youngsville, LA
2007 to 2009

Operated Okuma open faced mill manipulating close tolerance g code based operations
Gained knowledge of work holdings, operations, and inspection of numerous tong jaws
Held key to the shop trained sparingly on manual machine

Night Mill Operator

Champion Machine - Broussard, LA
2006 to 2007

Ran VF-4 & VF-3 Hass Mill Set up jobs / Altered programs (G-Code)
Worked with .003 tolerances on a regular basis
Over 2400 hours accumulated
Operators knowledge of Mazak Quickturn machines

Quality Control Inspector / Operator

Norris International Services - New Iberia, LA
2005 to 2006

Parts inspector
Setup guages and wrote reports for in house and 3rd party inspections
Oilfield Pipe Connections: 2-step, Hydрил, HGDS, 8 & 10 round • Operated HAAS VF-3 CNC Mill, Industrial Saw, HAAS SL-30 CNC Lathe (Pipe Connections and Parts)
