

Michael Hurst

Large diverse skill set

Johnstown, CO

michaelhurst698_v8q@indeedemail.com - 8127671541

I have been a union Ironworker for the past 16 years, and for at least the last 6 years being in a supervisory role. I am willing and able to do almost any type of work. I have a strong background in welding and steel construction. I also have some experience in home remodeling, deck construction, roofing, siding, windows, etc. For 2 years I owned and operated a lawn and landscape company which is still operational and successful. As a business owner I gained experience and knowledge in record keeping and Quickbooks and also the importance of excellent customer service skills. I also have knowledge and experience in turf pesticide applications. I have a Colorado class B CDL with air brakes, public passenger and school bus endorsements. I am interested in anything outdoors, however I am willing to work in any environment. I am not afraid of hard work and feel that I am a very competent and reliable individual.

Authorized to work in the US for any employer
