## **Welder, press operator, Assembly, electrical Assembly, Electrical technician**

Golden, CO

[mchlschwab34@gmail.com](mailto:mchlschwab34@gmail.com)

(763)3218764

Located in golden Colorado, new to the area, looking for a career

Authorized to work in the US for any employer

## Work Experience

---

### **Welder/Fabricator**

Sub-Zero Wolf - Fitchburg, WI

October 2015 to Present

#### Responsibilities

Test the units for any gas leaks, or electrical issues. Assemble the units and build sub assembly components for the units. Keep a clean and stocked work area. Move at a fast pace work speed.

#### Accomplishments

Learned almost every position on my line. Usually run one of the 3 testers we have to test our units for any errors. Learned how to troubleshoot to find what had failed on a unit.

I then moved to brake press operator where I would set up the press to the correct measurement of the part. I worked on a brake press for about 9 months until I got accepted into welding where I currently am working now. Welding stainless steel metal for high end kitchen appliances.

#### Skills Used

Fast pace working. Troubleshooting when a failure occurs. Teamwork, float around and help people in need of assistance. Reading blueprints, setting up Cincinnati brake press. Reading protractor and calipers. Welding stainless, finish and grind stainless.

### **Brake press operator/ maintenance**

Kloppenburg Enterprise, Inc. - Englewood, CO

August 2018 to July 2019

Worked in the brake press field for the first 7 months. The company then decided to close the custom side. I then worked in maintenance helping move the shop floor around until the first of July which was a decided last day for me.

### **Assembly, electrical Assembly, Electrical technician**
