Experience

Position: Assembler

From: July 30, 2019 To: Present

Employer: Taylor Tools

5045 Paris Street, Denver, Colorado 80239

(303) 371-7667 (Please do ask me **first** before contacting.)

Contact: Mr. Anthony (Tony) Skalecke (Plant Manager)

Duties: I operate a band saw to saw through metal. I tap holes in the metal. I perform assembly of floor strippers. I execute the drilling and reaming of holes. I accomplish the readying of strippers on pallets for shipping.

Michael Todd (continued)

Position: Assembler

From: August 15, 2015 To: April 2, 2019

Employer: Whipcheck Manufacturing Corporation
4935 Allison Street, Unit 7, Arvada, Colorado 80002
(303) 423-1264

Contact: Mr. Frank A. Dilatush (owner of business)

Duties: I assembled cable spring-loaded restraints for high pressure hydraulic hoses or air hoses that are used in the mining as well as the oil and gas construction industries. During the process of assembly, I used a hydraulic crimp machine. After the restraints had been assembled, I labeled and packaged them into boxes for shipping. Then I carried and arranged the boxes onto pallets.

Supplemental Note: I do have reliable transportation.
