

Michel Red Dog

Fort Collins, CO 80524

michelreddog8_2kj@indeedemail.com - 9702151288

Hi, My name is Michel Red Dog. Im from Billings, MT and i've lived in Fort Collins, CO for the past few years. I have pretty diverse work experience in labor work, such as working in warehouses, construction labor jobs, lumber yards. Not much work experience in sales or customer service but i'm always looking to try something new and willing to learn new skills. I'm a good worker and very trustworthy and respectful, kind and always willing to give a helping hand whether it be in work or in every day life. I would be a great candidate for any position given the opportunity to prove myself, i'm willing to learn new skills and expand my work experience and build my resume. Please feel free to give me a call to get to know me more. Thank you for your time in reading this, i hope you have a good day. Much Appreciated.

Authorized to work in the US for any employer

WORK EXPERIENCE

Forklift Driver

Direct Lumber and Door of Colorado - Fort Collins, CO - 2016-11 - Present

forklift operator, picking orders, sorting wood, putting away returns back into stock, Putting together packs of wood, banding and labeling, and setting it down in designated areas until it can be loaded onto trucks.

Custodial

I.S.S. Facility Services - Fort Collins, CO - 2016-09 - 2016-10

Clean mens bathrooms, clean mirrors, scrub sinks, scrub toilets and urinals, restock paper products (toilet paper, paper towels), sweep and mop floors.

Stacker

Noosa Yoghurt - Bellvue, CO - 2016-07 - 2016-08

Work from 5pm-5am overnight stacking yoghurt, use of pallet jack to move yoghurt to designated area after plastic wrapping it and keeping track of how many pallets of yoghurt stacked.

Recycle

IT Refresh - Fort Collins, CO - 2016-05 - 2016-06

In a warehouse setting, i operated a plastic bale to crush the plastic. On the main floor taking apart T.V.s, laptops, computers, printers, computer screens and towers. Recycle all of their electrical components and crushing the remaining plastic.

Shop Keeper

Markley Motors - Fort Collins, CO - 2016-01 - 2016-03

Responsibilities

Get there and get to work, go out into the shop make sure each lube tech had their oil barrels empty, as well as their trash. Sweep and mop the main isle of the shop and also the tools room where i'd power wash the floors, thats also where i would crush all the oil filters that i would collect from each of the lube techs oil barrel so i would have to clean out the tool room monthly because of the oil. Crush oil filters and put them in a bin outside of the shop then when it gets full take them over to the recycling center get a new barrel from them and receipt. Take it back put barrel back and give receipt to my supervisor. I worked in two other shops where i would also do the same.

Accomplishments

I liked this job alot. Got to work at my own pace, got everything done in a timely matter. Got to work in a different environment and different position. Kept me in shape and met alot of good and nice people there.

Skills Used

Housekeeping and a little warehouse and delivery. Kind of versatile. I really enjoyed this job.

Laborer

KK Mechanical - Fort Collins, CO - 2015-11 - 2015-12

Responsibilities

Get there and sign in. Wait in the trailer for our supervisor to give the details of the plan of work for that day. We were working on the Mormon Temple here in Fort Collins, CO. I was a Laborer working with plumbers so i got learn a few things of the trade, i was really only there to help clean up after them and whatever we can do to help assist them in there job.

Accomplishments

I got to work with plumbers, i got to help them work on the water systems in the upper interior of the Mormon Temple, helped them clean out the air vents for better ventilation. It was a good productive job i enjoyed it. I got to work with hand tools and power tolls and generators and other basic tools.

Skills Used

Worked with alot of hand tools, and power drills. Sometimes me and other laborers would dig holes and trenches in the meantime. We also laid down snow melt befor they laid down the concrete. Some basic plumbing skills pretty much.

Recycler

I.S.S. - Fort Collins, CO - 2015-06 - 2015-10

Responsibilities

Sort through recyclables, such as cardboard, wires, electronic scrap, pc board plasic, paper wood and metal, each has their own bin, when full we'll then load them on to trucks where ever they need to go.

Accomplishments

It helped me physically and mentally, there was a lot to do which kept me busy most of the time, and I helped a lot of people when they needed it with recyclables. Overall it was a good and new experience under my belt

Skills Used

It was a lot of physical stuff going back and forth with bins picking up recyclables throughout the building, using a compactor for the cardboard and another compactor for the paper and plastic. As well as organizing, making sure recyclables never got mixed up with one another.

Assembly

Technical Molded Products (T.M.P) - Fort Collins, CO - 2015-02 - 2015-05

Responsibilities

Get there and time in at 2:30pm, relieve the other employees to keep the machines running, the machines would make cow tags and other things that i didnt get to do while i was there. Work that one machine for four hours until we get relueved to go to the next machine to wotk on. Time out at 10:00pm

Accomplishments

I was able to endure longer hours of standing. Pay more attention to detail to keep the machine running and malfunctioning properly. The job was repetitive and boring, but eventually i got used to it and made a fre friends here and there.

Skills Used

The job didnt require much skill. We basically cut cow tags all day with clippers. Some times I would get to work in the back and get to put labels on the cow tags for the last four hours of my shift.
