Objective

My objective in life is be able to go to college and get a degree in mechanical technician or get me an electrician license degree. After completing one of my objective in my life, getting my GED. Now I'm looking to keep going forward and get me a better job and future

Education

Washburn High school 2008 through 2012
Ged Graduate May 2019 in Minneapolis adult education program

Work Experience

Altec Spray Equipment 05/2018-12/2018

: Mechanical assembly

: Read blue prints in order to drill the right holes on the chassis to adjust the battery box, be able to put a big water pump and hold downs for the tank.

: I did most of the electric wiring that ran through the entire truck all the way to cab in order for the backup lights, backup camera and strobe lights worked when the truck driver turn the unit on.

: Make sure the tank in the middle of the truck was straight and tight it down once it was straight.

: I also was trained in making skids for personal trucks with a Honda GX engine, water hose, battery and multiple tanks on the frame.

: Skillful in using tools and power tools.

Polaris/ Custom Assembly 12/2017-05/2018

: Shipping and Receiving leader.

: Work in the build area also were atvs where put together. Had to put the front bumper, tailgate box, and do the back and front suspension for the rangers that didn't come build.

: Forklift experience.

Painter 06/16-09/2017

: Work for my brother-in-law Company as a painter. Painted house apartments stores and buildings.

Wagner 01/2016-06/2016

: Build Spray Equipment.

: Be able to read they blue prints cause of the multiple type of spray equipment being built.

: What I did in my line was attached the body frame and the Honda GX Engine in the frame. Make the pulley and the belt where line perfectly in order for the engine to run perfectly.

Best Buy 07/2015-01/2016

: Picking product with a forklift in a fast pace using the Rf scanner
: forklift Experience in sit-down and stand up forklifts

ConvergeOne 01/2019-05/2019

: Shipping and receiving using FedEx, ups , and Vship in order to send product out and keep all the data in a spread shit.
: Computer skills in using Word, Excel and keep communication with the supervisors or any type of personal via email to either send them tracking number, fix a problem, sending them bill rates and making sure when a big order would be ready.

Skills

: Bilingual
: Hand tools and Power tools
: Very Detail
: Forklift experience
: Learn Fast.

Activities

: Play soccer every Sunday
: watch Soccer Monday thru Sunday if I can
: Spend a lot with my family.

All of this jobs most of them wanted to hire me but I couldn't provide a diploma or GED so they had to let me go. Now that I have that requirement I want to be able to find a good busy job.
