To obtain a position with a company that I can grow with and develop my talents with machine

Coca Cola

01/2018- 6/2019

Assembler

My responsibilities were to use a hand forklift to get the product from the back of the warehouse that were on pallets transport them to the line I then with a team of my coworkers worked fast proficiently and efficiently to put the product onto the conveyor to ensure our clients quota was met everyday. I was also responsible for keeping count of how many pallets were done and also checked for defects in the product such as no barcode wrong serial numbers etc.

SAF Holland

12/2017 - 12/2018

Machine Operator

My responsibilities were to operate my machine with parts and they came down the line. I was able to fix minor issues with the machine if there became one. I worked with a team to complete our quota each shift.

Rickett and Binkiser

06/2016 - 12/2017

Assembler Machine Operator

I worked on a line with a team to make bottles. We met our quota daily and made certain to check for any malfunctions with the product. I was also a pill press operator responsible for maintaining the density or lack there of for the product ie. The dishwashing tabs that were being produced by my machine. I also checked to make sure that product was consistently being distributed by going up into the silo

and making sure that the powder maintained an even and constant flow thus getting the product distributed to the client in a proficient yet efficient manner

Lewis and Clark

06/2014 - 06/2016

Floor Tech third shift

My responsibilities were to take care of all the floor needs around the buildings during my shift. I polished and made sure they were clean for the following day.

St Alexis Hospital

2015 -2016

Floor Tech Third Shift

I was responsible for keeping the waiting areas clean in and around the hospital buffed and waxed. all 5 floors in the hospital elevators patients rooms etc. I was also responsible for emptying the trash polishing the hand rails all around my job was to make sure I kept the hospital spotless.
