Warehouse, or Storage Yard

1978 - 1997

- Receive and count stock items, and record data manually or using computer.
- Pack and unpack items to be stocked on shelves in stockrooms, warehouses, or storage yards.
- Verify inventory computations by comparing them to physical counts of stock, and investigate discrepancies or adjust errors.
- Store items in an orderly and accessible manner in warehouses, tool rooms, supply rooms, or other areas.
- Drive trucks in order to pick up incoming stock or to deliver parts to designated locations.
- Mark stock items using identification tags, stamps, electric marking tools, or other labeling equipment.
- Prepare and maintain records and reports of inventories, price lists, shortages, shipments, expenditures, and goods used or issued.
- Issue or distribute materials, products, parts, and supplies to customers or coworkers, based on information from incoming requisitions.
- Determine proper storage methods, identification, and stock location

based on turnover, environmental factors, and physical capabilities of facilities.
