OVERVIEW

Enthusiastic, dependable and ambitious person, knowledgeable in several different fields. Eleven years of experience in the military where I took on many different roles/positions from infantry and artillery training to clerical work and office organization. I have had many additional part time jobs including construction and hands on electrical work. I am hard working and looking to advance my skills and begin a lifelong career.

SKILLS

- LEADERSHIP
- ABLE TO ADAPT TO NEW IDEAS AND METHODS
- TIME MANAGEMENT
- ABILITY TO WORK UNDER PRESSURE
- WILLING TO EMBRACE CHALLENGES

EXPERIENCE

Assembler/Junior Technician, Sportech, Elk River, Minnesota

November 2017 - Present

- Inspect, test, and adjust completed units to ensure they meet specifications, tolerances, and customer order requirements. Disassemble units to replace parts or to crate them for shipping
- Assemble parts or units, and position, align, and fasten units to assemblies, subassemblies, or frames, using hand tools and power tools
- Position, align, and adjust parts for proper fit and assembly
- Connect cables, tubes, and wiring, according to specifications

Fire Support Specialist, United States Army National Guard

May 2006 – May 2017

- Determine locations to place heavy artillery, rockets and missiles; use laser mapping to identify the enemy hotspots and danger zones
- Establish and maintain communication operations with different teams during a war or mission
- Encode the outgoing messages to protect the information from getting intercepted by the enemy radio signals and decoding the enemy transmissions to get secret information in order to use it to the team's advantage
