Willing to relocate: Anywhere  
Authorized to work in the US for any employer

## Work Experience

---

### **Combo Pipe Welder**

Dunn Heat Exchangers - Texas City, TX  
October 2017 to Present

Uses a variety of weld processes to weld heat exchangers.

### **Welder Fabricator**

Rackley - Orland, CA  
March 2017 to September 2017

Welds and fabricates structural steel components for metal buildings in Northern California

### **Welder/Robot Operator**

Transfer Flow - Chico, CA  
September 2016 to February 2017

Utilized MIG and TIG welding process to repair spots on the tank where the weld is missing or defective

- Ensured tank was hermetically sealed and free of holes using soap and water leak testing method
- Ensured that finished product met quality expectations, working towards the highest level of quality and understanding the need for continuous improvement
- Followed all safety procedures, wearing appropriate personal protective equipment, and reporting any accidents to supervisor immediately

### **Welder Fabricator**

Metal Works - Oroville, CA  
October 2015 to September 2016

Welded structural steel columns and beams; cut, fit and coped beams; monitored the fitting, burning and welding processes to avoid overheating parts, warping, shrinking, distortion and expansion of materials

- Analyzed schematics, blueprints, and specifications to plan layout, assembly, and welding operations
- Maintained a clean and safe work area; working to minimize scrap, unused material back in appropriate area, and disposes of waste appropriately
- Performed other related duties and assignments as required; worked 60 hour weeks during peak season never took a day off

## **Welder Fabricator**

Todd Enterprises - Chico, CA

March 2013 to August 2013

Welding internship

- Repaired and refurbished airport equipment
- Manufactured steel agriculture grade fences using welding and torch cutting techniques

## Education

---
