Work Experience

Maintenance Mechanic

Hain Celestial - Boulder, CO

January 2019 to Present

As a maintenance mechanic I adjust, repair, rebuild and maintain all the processing and packaging equipment for tea production. I regularly perform diagnostics, repairs, and upgrades on Allen Bradley PLCs and relay logic systems as well as mechanical, pneumatic, and hydraulic systems. I am very proficient at tig, stick, and mig welding as well as basic machining and fabrication. I work well in a fast paced production environment with a strong focus on minimizing equipment down time. I am familiar with and carefully follow OSHA, GMP, SQF, and HACCP regulations.

Owner/ Handyman/ Supervisor

Handymanmanagement LLC

May 2016 to August 2018

As the owner of my own handyman business specializing in all types of repair and remodeling service from changing lightbulbs to full bathroom remodels, I handled all client interaction, scheduling, and estimating; performed most labor myself; and oversaw 2 part time sub-contractors who assisted with labor and accounting/ invoicing.

Apprentice Electrician

Excel Electric Inc

April 2014 to February 2016

As an apprentice electrician I installed, inspected, tested, diagnosed, and repaired wiring and electrical systems under the supervision of a licensed electrician. I gained valuable insight and experience in residential, commercial, and industrial wiring and general construction techniques and practices.

Cashier

McGuckin Hardware

May 2013 to August 2013

As a cashier I gained valuable customer service experience, and learned to work as a member of a team.

Education

High School Diploma

Fairview High School - Boulder, CO

2009 to 2013
