Work Experience

Assembler

National Employment Services - Portsmouth, NH
March 2014 to February 2019

I have had many Assembly line worker jobs within the past 4 years. I am extremely good at warehouse/assembly work. I usually perform very fast & I absolutely love fast-paced environments! I am a team player & get along great with co-workers/others. I put my work first & never bring my personal life with me to my job. I'm the quiet worker, because I keep to focusing on my job & nothing else while I'm at my place of work.
