I'm reliable and dependable when it comes to tasked assignments, especially if it's repetitive. I get along well with others and I always remain positive through every situation that arises. I'm more of a hands-on learner but visual demonstrations also help me learn. I think I'm a fast learner and i retain information pretty well. I'm prompt, polite, productive and proficient. I have basic knowledge in some labor- intensive areas of work, but I'm always up for learning more than I know.

Authorized to work in the US for any employer

Work Experience

Foreman/Laborer

Advanced landscaping - Fort Collins, CO

April 2019 to December 2019

I was hired on as a basic laborer with minimal experience with landscape installations. After 5 months i was running my own crew of 2-3 men. As a foreman i was in charge of all interactions with customers, supply company, the boss, etc. I positioned laborers where i needed them. Worked on a number of re-installments.

I have lengthy experience with sod installation, annual/perennial plant installations. I have a passion for zeroscapes/ hardscapes (patios, walkways, steppers, staircases, retaining walls/dry stack walls, etc) ive worked with flagstone, pavers, demential cut flagstone/paver pieces.
