EXPERIENCE

Stolle Machinery , Centennial, CO — CNC Machinist

September 2022 - November 2022

Machinist working on a CNC mill to manufacture the walls of a canning machine. Modifying M code to ensure accuracy, and maintaining the machine. Employment was short due to injuries sustained after a car crash making it challenging to work. I'm back in working condition.

Capco, Grand Junction, CO — CNC Machinist

July 2020 - May 2021

Machinist working of the M320 manufacturing project. I operated a CNC lathe making the barrel for the M320. Measuring parts to ensure tolerance, and making changes to offsets to ensure accuracy.
