**PLEASE READ CAREFULLY
APPLICATION FORM WAIVER**

In exchange for the consideration of my job application by Corporate Management Group, Inc.,

I agree that:

Neither the acceptance of this application nor the subsequent entry into any type of employment relationship, either in the position applied for or any other position, and regardless of the contents of employee handbooks, personnel manuals, benefit plans, policy statements and the like as they may exist from time to time, or other company practices, shall serve to create an actual or implied contract of employment, or to confer any right to remain an employee of Corporate Management Group, Inc. (CMG), or otherwise to change in any respect the employment-at-will relationship between it and the undersigned, and that relationship cannot be altered except by a written instrument signed by an officer of CMG. Both the undersigned and CMG may end the employment relationship at any time, without specified notice or reason. If employed, I understand that CMG may unilaterally change or revise their benefits, policies and procedures and such changes may include reduction in benefits.

I authorize investigation of all statements contained in this application. I understand that the misrepresentation or omission of facts will result in my disqualification from consideration for employment or, if discovered after I begin employment, will result in my termination. I hereby give CMG permission to contact schools, all previous employers (unless otherwise indicated), references and others and hereby release CMG from any liability as a result of such contact.

I understand that a comprehensive background check may be conducted to determine my eligibility for hire by CMG. This may include but is not limited to, investigations of criminal and/or conviction records, driving records and/or a drug screen test as required by clients, government regulations or by CMG policies.

I release CMG and other persons or entities from any claims that might be based on CMG's decision to conduct a background check.

I understand that, in connection with the routine processing of your employment application, CMG may request from a consumer reporting agency an investigative consumer report including information as to my credit records, character, general reputation, personal characteristics and mode of living. Upon written request from me, CMG will provide me with additional information concerning the nature and scope of any such report requested by it, as required by the Fair Credit Reporting Act.

I further understand that my employment with CMG shall be probationary for a period of ninety (90) days and further that at any time during the probationary period or thereafter, my employment relationship with CMG is terminable at will for any reason by either party.

The first part of the report is a general description of the project. It includes the objectives, the scope, and the methodology. The objectives are to develop a system that can handle large amounts of data and to provide a user interface that is easy to use. The scope is limited to the development of the system and the testing of the system. The methodology is based on the use of a structured analysis and design technique.

The second part of the report is a detailed description of the system. It includes the architecture, the data base, and the user interface. The architecture is based on a client-server model. The data base is a relational data base. The user interface is a graphical user interface.

The third part of the report is a description of the testing of the system. It includes the test cases, the test results, and the conclusions. The test cases are based on the requirements of the system. The test results show that the system meets the requirements. The conclusions are that the system is a successful implementation of the requirements.

The fourth part of the report is a description of the conclusions of the project. It includes the lessons learned, the recommendations, and the future work. The lessons learned are that the use of a structured analysis and design technique is effective. The recommendations are that the use of a client-server model is effective. The future work is to develop a system that can handle even larger amounts of data.

The fifth part of the report is a description of the conclusions of the project. It includes the lessons learned, the recommendations, and the future work. The lessons learned are that the use of a structured analysis and design technique is effective. The recommendations are that the use of a client-server model is effective. The future work is to develop a system that can handle even larger amounts of data.

The sixth part of the report is a description of the conclusions of the project. It includes the lessons learned, the recommendations, and the future work. The lessons learned are that the use of a structured analysis and design technique is effective. The recommendations are that the use of a client-server model is effective. The future work is to develop a system that can handle even larger amounts of data.
