## **ADDITIONAL SKILLS**

I speak fluent Spanish and English and I can read and write both. I am mechanically inclined I have worked with most air tools. I am very familiar with automotive paint and sanding tools. I have done some welding I had started a maintenance program at Riverland C.C. in which i completed the welding and forklift part of the program. I have worked in food production, i have operated many types of machines both in food production and manufacturing plants, I have also operated most if not all types of forklifts and hand jacks and have done warehouse, assembly, and general labor so I have no problem with work or learning any job.

## **NOTES AND ACTIVITIES**

I like going to the Y.M.C.A to work out,swimming,riding bike,playing football with son and nephews.I enjoy spending time with friends and family. I like fixing up old cars with my brother and watching sports on tv. I have two gaps in my work history the first my daughter had gotten sick so i drew unemployment benefits after my last driving job which was seasonal and the second due to my incarceration which i can explain more during any interview.
