Job Description

Plant Warehouse Worker

SUMMARY

Duties include scanning/bar-coding, shipping, receiving, storing, production line goods replenishment and may include transfer of goods from the production plant to the warehouse along with weekly/daily inventories as needed. If absent, a trained employee or trained backup will be scheduled to cover responsibilities for this position.

PRIMARY RESPONSIBILITIES

1. Efficient and safe loading and unloading of goods using forklifts and pallet jacks and bar-coding instruments
2. Ensure both the equipment and facilities are kept above standard by completing daily and weekly checklists
3. Helps set up the production lines before the start of production by supplying required raw material and ingredients along with making sure all products and raw materials are out of the production area and put away at the end of the night for sanitation
4. Coordinates with production, production supervisors, straight truck drivers, and distribution center staff to ensure proper loading, documenting and shipping of both raw and finished materials
5. Keeps supplies readily available for the production lines
6. Completes Forklift Operators Daily Checklist for all forklifts at the start of each shift (SF0001FO)
7. Stores raw materials and ingredients in designated areas
8. Completes shipping and receiving inspection paperwork and cleaning checklists as outlined in company policies and sends paperwork to office personnel
9. Completes physical inventory and cycle counts with accuracy
10. Accurate use of bar-coding scanner system to receive, distribute, and ship materials/finished goods
11. In the event of production ending without the Supervisor notifying the CDL Driver that the trailer door is shut and the trailer is ready to leave the apple dock; the CDL Driver will contact Warehouse to have a Plant Warehouse Worker verify the scene is safe to pull away from the production facility
12. Keeps the Warehouse, hallways, outside and upstairs storage areas organized and clear of obstructions
13. Adheres to company employee hygiene practices, company food safety and employee safety rules and policies
14. Other duties as assigned by Warehouse Supervisor or Warehouse Manager

PHYSICAL ENVIRONMENT/WORKING CONDITIONS

This position works in a warehouse environment and will involve standing and walking for up to 4 hour periods at one time, working in temperatures that can range from 36 degrees up to 60 degrees Fahrenheit. lifting/stacking up to 50lbs., pushing and pulling up to 2000lbs on wheels, repetitive bending arms and hand movement. May be required to work an occasional Saturday and/or Sunday as needed.
