Work Experience

Delivery Driver

Dominos

June 2019 to November 2019

I had to deal with money and giving accurate and correct change. As well as having exceptional customer support. Also have to do my work in a timely manner, as a delivery is timed. Worked late into the night (2:30-3am) so late nights aren't an issue

Manager

Papa John's - Florence, AL

November 2018 to May 2019

Manage labor variances as well as sending drivers and insiders home accordingly. I was A driver as well so I had to make deliveries in a timely manner and will as with all side items and drinks. Manage dough and proofed dough. Made pizzas all day every day.

Education

High school or equivalent

Certifications and Licenses

driver's license
