OBJECTIVES

I continuously strive to further educate myself and add to my knowledge of all job duties, big or small. I enjoy working in clean, safe and healthy environments. I believe individuals who are open minded and have positive attitudes are most likely to have more of a productive day and overall accomplish more.

MAJOR ACCOMPLISHMENTS

I have successfully completed and received certificates for all of the following courses: Janitorial Technician Levels 1 and 2, M.S.D.S(Material Safety Data Sheet), Blood Borne Pathogens, Bio Hazard Material and Infectious Waste, Trench Shoring, Trench Shoring Safety Services in an Excavation course as outlined in 29 CFR Part 1926 and promulgated by the Occupational Safety & Health Administration, Soil Identification, Soil Analysis, Hazard Identification, Protective Systems.

EMPLOYMENT HISTORY

Bestop Dualamatics

1250 Kimbark St. Longmont, CO 80501

Production Lead (1988 - 1991)

I originally was hired as a production worker on assembly line, but I gradually worked my way up and into other departments of the company such as Metal Fabrication, Welding and all Warehouse Departments. During my employment I was trained and certified to operate the following, Punch press, Brake press, CNC Deburner & Press, CNC Bow bender, CNC Drill press and Wire wheel. I also was a Powder Coat Painter. After being successful at all my job duties that I performed, I was promoted to Production Lead.

Accurate Plastics

40 Gay St. Longmont, CO 80501

Paint Technician (1991 - 1992)

I began at this company in the Prep Dept. and then was given the opportunity to become a Backup Paint Tech and that is where I learned and mastered most of my high quality painting skills that I still use til today.

Big Sky Excavation

16200 N. Washington St. Broomfield, CO 80020

Pipe Layer Foreman (1992 - 1996)

I started as a Pipe Layer and worked my way up to become a Pipe Layer Foreman. I learned how to install Utilities and operate all Heavy Equipment Machinery such as the Trackhoe(excavator), Backhoe, Extendhoe, Skid Loader(skidster), Mini Ex, Front End loader, Grader(blade), Box Scraper, Dozer, Crawler, Compactor, ETC. The

Utilities I learned to install were the H2O PVC, Hydro Conduit(storm drain pipe), KYB Copper, Fire Hydrants and Meters. I learned and performed a lot of DirtWork including Over Excavating and ReCompact, digging foundations, basements, footers, trenches and scarifying. Would also Backfill, compact, rough and fine grade for landscape and concrete work. I do understand and know how to read BluePrints as well as Surveyor stakes for a job.

Fiore & Sons INC.

730 W. 62nd Ave. Denver, CO 80216

Heavy Equipment Operator (September 2008 - April 2009)

Was hired on as a Heavy Equipment Operator performing the following job duties, Over Excavating, backfill, compact and fine grade. Demo work in concrete and asphalt. Also did prep work for foundations, sidewalks, curbs and gutters.

Coloscares Concrete

P.O Box 207 Windsor, CO 80550

Foreman/Heavy Equipment Operator (November 2009 - February 2010)

Completed all job assignments from start to finish. Utility work including Sanitary sewer, SDR-35, Water(copper, PVC, ductile iron), Hydro Conduit(storm drain pipe). Excavation work doing foundations, backfill, compact and fine grade.

Sullivan Septic & Excavating

P.O Box 1288 Longmont, CO 80501

Foreman/Heavy Equip. Op. (September 13 2010-September 15 2011)

Set all Septic tanks and did PVC installations. Preferred pipe for leach fields. Excavated for Septic tanks in various types and size for

both plastic and concrete settings. Performed in backfill, fine grade and landscape areas. Installed new SDR-35 pipe and would repair any pipes that may have been cracked or broken. Did Demo work on all old septic tanks.

Gilbert Contracting INC.

7250 Gilpin Way Suite 150 Denver, CO 80229

Foreman/Heavy Equipment Operator (August 11 2013-January 7 2015)

Did all Utility work such as H2O PVC, Hydro Conduit(storm drain pipe), KYB Copper, Fire Hydrants and Meters. Did Dirt Work including, but not limited to Over Excavating and ReCompact digging for foundations, basements, footers, trenches and scarifying. Did backfill, compact, rough and fine grade work for landscape and concrete jobs. All Utility and Dirt Work was performed with at least one of the following Trackhoe (excavator), Backhoe, Extendhoe, Skid Loader(skidster), Mini Ex, Frontend Loader, Grader(blade), Box Scraper, Dozer, Crawler, Compactor, ETC.

I also know how to understand and read BluePrints.
