## Work Experience

---

### **Machine Operator**

IRVING TISSUE - Macon, GA

March 2021 to November 2022

- Completed daily production approval
- Maintained activity logs
- Diagnosed and maintained commercial manufacturing equipment
- Ensured all equipment was running efficiently
- Trained new operators

### **Mold Setter**

PRISM PLASTICS, Inc - Meadville, PA

June 2019 to May 2020

I was responsible for changing over various molds, that would melt down plastics grind and or regrind. For many automotive and electrical components. On average I changed 4 to 6 molds a night ranging from 90 pounds to 2 ton (molds). I had to be ever efficient with safety as my main concern. I used mechanical lifts and forklifts when needed, I also used a wide range of tools too complete, different tasks during a regular work night. Open and constant communication with management was a must. Mold setting also included things such as material handling, problem solving, mechanical know how, and time management with safety at its forefront.

### **Unemployed**

Unemployed - Meadville, PA

February 2018 to February 2018

there is a big gap in my work history, I am a German citizen, and I had to wait for my Green card to get reinstated. I have it now and would like to start working as soon as possible.

### **Assistant Manager**

7-Eleven - Abilene, TX

January 2017 to February 2018

Input data from closed shift reports for three shifts. Ensure all bank deposits are counted and accurate. In charge of weekly work schedule and giving days off. Input of truck and vendors invoices. Word and Excel for paperwork, lose and prevention.

### **Senior Machine Operator**

Coca-Cola Bottling Co. Consolidated - Abilene, TX

August 2014 to February 2016

I oversaw operating the Bottle Labeler, Hartness, and High cone. Daily duties changeovers on all machines included but not limited to belts, parts, for new bottles being ran, ensuring proper oil, and lube are up to specs. Changing labels, high cones, and wrap, before the end of role reach point. Time management of Q.A checks on bottles and machinery, minor maintenance. before transferring to the Tacoma plant, I was awarded employee of the month.

## **Forklift Operator**

PepsiCo - Abilene, TX  
May 2012 to July 2014

### Responsibilities

As one of the lead forklift operators it is my job to unload and load trucks with product, replenish the warehouse with unloaded product. I also was a part time Mueller whenever the Mueller's were sick and or on vacation. Also, I was responsible for manning the computer to induce fully loaded trucks into our headset to be unloaded and or loaded.

Accomplishments through my constant desire to provide the best employee performance, I was awarded the True-Blue award, which is the highest award at Pepsi.

### Skills Used

At PepsiCo, I demonstrated forklift proficiency and superiority, and trucking know how. I quickly became the point person for all warehouse and transport needs.
