Summary

MIG and TIG welding specialist capable of reading and interpreting blueprints, drawings and diagrams. I have extensive knowledge of structural, mild and stainless steel and aluminum and routinely perform maintenance and repair of machinery and forklift operation.

Highlights

- Reading drawings, models and blueprints
- Brake press operation
- ISO9001 trained
- Available to work extended hours
- OSHA trained

Accomplishments

In my current job I have reached the company's highest quality standards.

Experience

Tube welder

July 2010 to Current

Nelson Global Product - Viroqua, WI

Laid out, fitted and fabricated metal components. Combined welding techniques, knowledge of metallurgy and engineering requirements to produce quality work. Operated manual and semi-automatic welding equipment to fuse metal segments together. Monitored the fitting, burning and welding processes to avoid overheating parts, warping, shrinking, distortion and expansion of materials. Laid out, positioned, aligned and secured parts and assemblies with straightedges and combination square and calipers. Adjusted functional parts of equipment and control instruments. Installed fabricated metal components in the processing plant. Set up equipment and welded parts according to welding chart specifications and type. Dismantled and assembled wellhead equipment. Followed all safety guidelines, including proper machine guarding and lockout and tagout procedures. Adjusted the weld machines to the correct settings prior to weld applications. Cleaned and degreased weld joints and workpieces efficiently. Prepared broken parts for welding by properly grooving and scarfing surfaces. Positioned and clamped workpieces together and properly assembled them in jigs and fixtures. Inspected chains, hammers and other tools for damage or wear to prevent injuries and accidents.

Education

Associate of Applied Science : Metal Fabrication, 1992

Compa SA - Sibiu, Romania

Machining Certificate Coursework in Arc and MIG Welding Certificate in Combination Welding
