

## PETER DEMETROPOULOS III

5581 Spine Road, #205, Boulder, Colorado 80301 720-335-8578

peter.demetropoulos73@gmail.com

### Objectives

Accomplished, results orientated construction professional. Motivated self-starter with strong organization and problem solving skills. Career encompasses more than 25 years of success in progressively responsible construction positions simultaneously. Grounded individual and team player with excellent interpersonal skills, excellent communication skills both written and oral and very reachable to peers. My drive and dedication, personality integrated with my past experiences and good judgement would make me an asset to your company. I am effective working with all levels of an organization. My underground experience includes gas, water, sewer, telephone, electric and cable with drainage work with a strong emphasis with natural gas. My excellent skills in the field vary and are well documented by both the advantage of having a family construction business and additional experience I have gained with other companies.
