I am a quality control professional with over 15 years of visual/physical inspection experience using various measurement tools and recording data. I work well with tight deadlines, collaborate with team members on quality issues, and skillfully manage multiple tasks with a positive attitude and a desire to learn more.

Skills

- Visual/Physical Inspection
- Gauge Assembly
- Machine Shop Experience
- Lead person/Trainer
- Certified forklift operator
- Microsoft Office

Experience

JUNE 2013 - JULY 2018

Mechanical Assembler / Analytical Industries Inc., Pomona, CA

I inspected oxygen sensor bodies during the beginning of production. I worked on Pushing-pins, drilling-holes, wrapping-wires, deburring-parts, and boiling-cleaning parts. I followed a production schedule and planned work load efficiently to meet daily and weekly productions goals. I also oversaw training of new employees, performed monthly inventory, and ordered supplies in my area.

JANUARY 1989 - FEBRUARY 2005

Quality Assurance Specialist / Libbey Glass Inc., City of Industry, CA

I accurately conducted and evaluated various QA tests. I performed internal department and warehouse audits as assigned. I trained Inspectors on specific QA standard on glassware. I maintained the QA equipment calibration database and configured gauges, measuring devices, and fixtures according to spec. I confirmed that procedures are properly carried out and assigned work schedules. I prepared QA evaluation reports and submitted them to management. I worked with the QA manager solving quality problems by implementing effective plans. I worked with the customer accommodation team on returns, re-works, and special orders to ensure conformance with work orders, diagrams, blueprints, and templates.

Education

FEBRUARY 2018 - PRESENT

A.S. Administrative Assistant / Mt. San Antonio College, Walnut, CA

JUNE 1982

High School Diploma / Leuzinger High School, Lawndale, CA
