## Work Experience

---

### **Stocking 2A**

Walmart-Fort Collins, CO

March 2023 to May 2024

For stocking 2A I had to do a few things such as, bringing products onto the sales floor and putting them in the correct aisle and shelves.

I also had to unload big trucks and stack the product nicely on a pallet so that all of them would fit. I also shop for people and bring there orders out when they arrive at Walmart.

I also communicate with customers and help them get/ find what they need a lot of the time while working there.

### **Line Server/Cashier**

Qdoba-Fort Collins, CO

January 2022 to February 2023

I prepped food that would be served to customers , I also made the food for the customers. They had me clean the store and also take out the trash. I would also check them out at the cash register.
