I am a very friendly, easy going, loyal, and dedicated individual. I have the ambition to succeed in any given environment. I love to learn and am always up for a new challenge. I get along well with others, while also working efficiently on my own. And have the ability to stay calm when under stressful situations, and able to get the job done. I am seeking a position where I can develop and excel my best to an employer. All truck driving experience was in the mountains of

Colorado. I have had my cdl license for 23 yrs and during those years I obtained my Class A license in 2005. I have done several different types of delivery driving to driving wood, to driving doughnuts, to gravel and also truck parts.

Authorized to work in the US for any employer
