

Raymond Reece

Windsor, CO 80550

(970) 373-8475 | rayreece208@gmail.com

Professional Summary

Skilled Welder/Fabricator with nearly 6 years of hands-on experience in shop and field environments. Proficient in TIG, Stick, Flux-Cored, and plasma cutting operations. Experienced in metal fabrication, CNC cutting, heavy equipment repair, and blueprint interpretation. Strong commitment to safety, precision, and high-quality workmanship.

Work Experience

Welder/Fabricator

Obermeyer Hydro Inc. – Wellington, CO

August 2024 – July 2025

- Design and fabricate metal flood gates for lakes and river systems
 - Perform TIG and flux-cored welding in vertical and horizontal positions
 - Conduct plasma cutting, beveling, and metal preparation
 - Ensure all work meets quality and safety standards
-

CNC Plasma Table Operator

Metal Distributors – Colorado

July 2025- Present

- Created cutting layouts using CNC software based on customer specifications
- Loaded plasma cutting equipment with correct material types and dimensions
- Operated CNC plasma table to produce accurate metal parts

- Removed slag and completed finishing preparation after cutting
 - Contacted customers when orders were completed and ready for pickup
 - Maintained a clean, safe, and organized work area
-

Welder/Fitter

Murphy Brothers – Thornton, CO

May 2021 – August 2024

- Progressed from 1st-year apprentice to skilled welder/fitter
 - Performed beveling, cutting, and preparation of carbon and stainless steel pipe of all sizes
 - Completed union welding training and advanced technical coursework
 - Performed Stick, TIG, and Flux-Cored welding in all positions
 - Assisted with roll-off calculations and material planning
 - Repaired heavy equipment including excavator booms and skid steer buckets
 - Worked in both shop and field environments
-

Education

Welding Trade Program

Pipefitters Local 208 – Denver, CO

May 2021 – March 2024

High School Diploma or GED

Core Skills

- TIG / MIG / Stick / FCAW Welding
- CNC Plasma Cutting
- Metal Fabrication
- Blueprint Reading
- Precision Measuring
- Heavy Equipment Repair
- Mechanical Troubleshooting

- Welding Equipment Maintenance
 - Shop & Field Experience
 - Safety Compliance
-

Certifications & Licenses

- AWS D1.1 Certified Welder
 - Welding Certification
 - OSHA 30 Certification
 - MSHA Certification
 - NCCER Certification
 - Forklift Certification
 - Scissor Lift Certification
 - Crane Certification
 - First Aid & CPR Certified
 - Driver's License
