I am seeking a position where I am challenged daily, and enjoy what I do for a company with a great reputation

Authorized to work in the US for any employer

Work Experience

Inventory Control Clerk 2

Thermo Fisher Scientific - Haverhill, MA

September 2019 to Present

Maintain correct and accurate counts for inventory in as400 computer system. Picking any repacks using a work assist vehicle, JLG , or crown stacker. Taking left over material and using pda scanner to put inventory in proper locations based on hazardous class of material.

Selector/Picker

U.S Foods - Seabrook, NH

April 2018 to September 2019

Primary function is selecting orders with a 14 foot ride on pallet jack, insuring accuracy while maintaining a standard in pace and mis pick ratio

Materials handler

McKesson - Methuen, MA

August 2013 to February 2018

Duties were to use rf scanners to select materials from locations and place correct items in correct totes. Primary function was shipping were i sorted all inbound totes from conveyor after they were selected and placed them on correct pallets where i then loaded them onto the corresponding trucks to be sent out in the morning.

I also watched for mistakes made and then corrected them and assisted in unloading inbound pallets with the receiver on duty

Backroom Logistics

Target - Methuen, MA

October 2006 to August 2013

October 2006 - Current

- Use Pda scanner to pull the mornings auto fills
- Deliver the auto fills to correct locations on the sales floor
- meeting the timed goals is key as it sets up the rest of the day
- Maintaining the location accuracy by back stocking in correct areas
- Back stocking light duty truck freight after the auto fills are completed
- Backstock all of the remaining backstock that comes back from sales floor

Education

High school in Plumbing/HVAC

Greater Lawrence Tech - Andover, MA

September 2002 to June 2006
