## Work Experience

---

### **Trimming**

The Health Care dispensary - Denver, CO

June 2022 to Present

I experienced more than just trimming such as concentrate packaging and packing joints. I can be a fast learner once settled. I'm looking forward to better opportunities and more experience.

### **Warehouse Worker**

Abm - Thornton, CO

December 2020 to Present

We clean corrugates and empty out the trash and recycle along with used pallets.

### **Park security**

Waterworld

May 2019 to July 2019

Patrolling the park and making sure people were having a fun time along with being able to direct or give help when needed.

It took time to adjust but I was able to get assistance and guidance to improve, which I did.

I did this by filling rotation and communicating with my coworkers in order to make the day run smooth and give them help of needed.

### **Park safety**

Water World - Thornton, CO

I informed my manager and followed instructions as told when watching surveillance on the Voyage ride when guests were violating policies.

## Education

---

### **High school or equivalent**

#### **High school diploma**

Montbello Technical career high school - Denver, CO

## Skills

---

- UPS
- Trimming
